THE POWER OF DIVERSIFICATION:

CELEBRATING
10 YEARS OF
SUSTAINABILITY WEEK

To mark the opening of all Swiss Sustainability Weeks 2022, we are excited to invite you to the National Opening Event!

We often hear the phrase: “sustainability is mainly about climate change”, but that is not even remotely true! During this evening we show that sustainability is about so much more than climate change, it’s also about diversity, social life, tolerance, community, circular economy and much more.

Come and get inspired by our speakers:

- Annuscha Wassmann-Tomura, founding member of the Sustainability Week Zurich and project co-manager at Focus Sustainability
- Gender Campus (requested)
- Diversum

Enjoy our marketplace and get to know people working on the different dimensions of sustainability. An open-ended apéro with some music by DJ sesh.bros will make this evening the complete experience!

ABOUT US

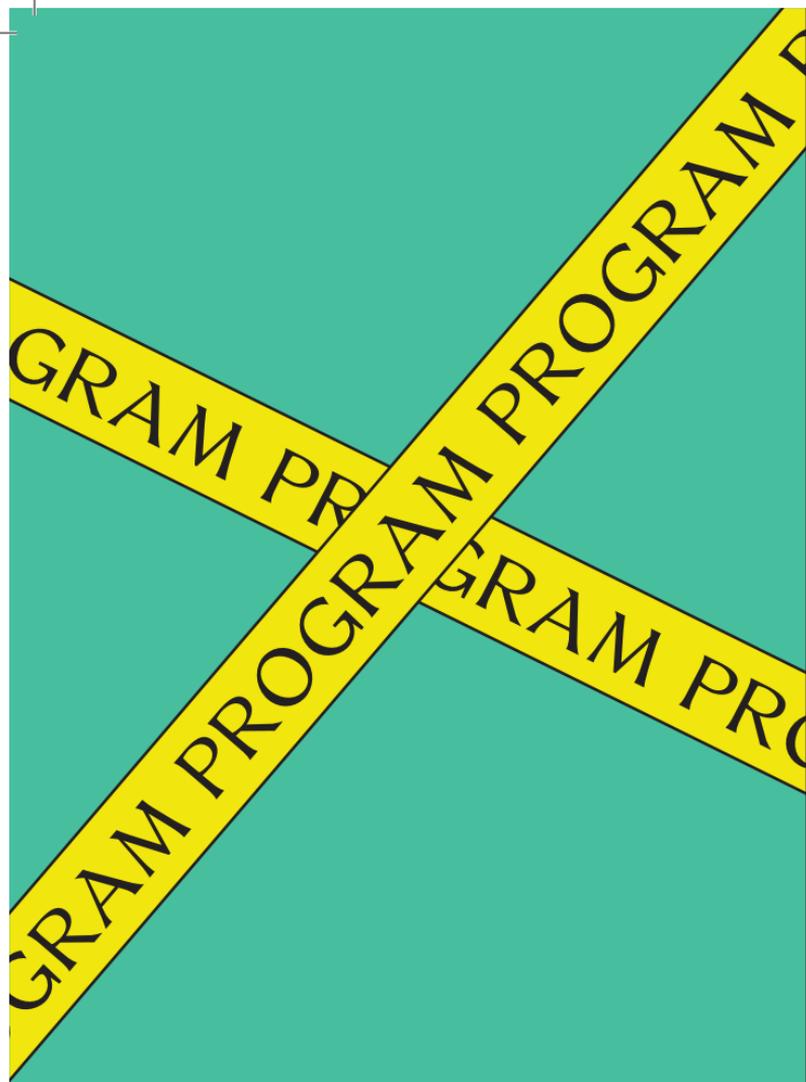

SUSTAINABILITY WEEK ZURICH / NACHHALTIGKEITS- WOCHE ZURICH (NHWZ)

The NHWZ team consists of roughly 100 volunteering students. Our purpose is to promote sustainable development at ETH Zurich, PHZH, UZH, ZHAW, ZHdK, and in the public. The 10th NHWZ follows the overarching motto "Act now!" The motto picks up the urgency of action and more than 50 events show the variety of possibilities to get active for sustainable development. We want to encourage reflection, debate, and action in order to initiate change together. For the fifth time NHWZ is held as part of Sustainability Week Switzerland. Sustainability Weeks are organized at more than 30 universities in 14 cities across Switzerland.

Do you also want to shape the change?
Do you want to be part of the 11th Sustainability Week in 2023?

Contact us at vorstand@nachhaltigkeitswoche.ch.
We will be happy to answer your questions!
